

Instructions of use lockers library

Close

1. Push the black button when setting the personal code.
2. Turn the combination lock a quarter of a turn (only then release the black button).
3. The locker is now closed.
4. Change the code, so your personal code is not visible anymore.
5. Check if the locker is closed.

Open

1. Turn digits to the personal code.
2. Turn the combination lock a quarter of a turn to open it.
