4. BEHAMIN AKHBARINIA

VOICE OF THE STUDENT, FOR THE STUDENT.

Dear students,

I'm excited to announce my candidacy for the university council. As a student myself, I have experienced firsthand the challenges and opportunities that come with pursuing higher education. I believe that by working collaboratively with fellow students and university staff, we can create meaningful change and build a better university experience for everyone.

I am committed to advocating for the interests and concerns of all students, and I will work tirelessly to ensure that our voices are heard and our needs are met. I believe in transparency, accountability, and inclusivity. With your support, I am confident that we can make a real difference and create a brighter future for our university community.
