

SHORT CV

A. PERSONAL DATA

Name: Einmahl, Johannes (John) Hubertus Jacob
Date of birth: February 14, 1957
Place of birth: Heerlen, The Netherlands
Address: Tilburg University
Dept. of Econometric & OR
P.O. Box 90153
5000 LE Tilburg, The Netherlands
Phone: +31 13 4668208
E-mail: j.h.j.einmahl@uvt.nl
Citizenship: Dutch
Civil status: Married with two children

B. EDUCATION

Atheneum B in 1975, Sophianum, Vaals.
Bachelor's degree (kandidaats) in 1978, University of Nijmegen.
Master's degree (drs) Mathematics, including teaching qualification, in 1982, University of Nijmegen.
Ph.D. degree (dr) in 1986, University of Nijmegen.
Dissertation: "Multivariate empirical processes".
Promotores: Prof.dr. F.H. Ruymgaart and Prof.dr. D.M. Mason.

C. POSITIONS

Professor of Statistics, Tilburg University, since 2001.
Programme director Stochastics of Extremes and Risk Analysis, 2000-2004, EURANDOM, Eindhoven.

Member of the board of the Thomas Stieltjes Institute, 1997-2001 and 2004-2005,
Director Dutch Ph.D. network Stochastics, 1993-1996.

G. OUTREACH/VISIBILITY

The 2008 paper (and the follow-up paper in 2011) on ultimate athletics world records led to articles in about 1000 websites, newspapers and magazines in about 70 countries all over the world and to many (requests for) interviews and news items on radio and television. The 2019 paper on limits to human life span got even more media attention. Finally, I have been an invited or keynote speaker at conferences outside Econometrics/Statistics, like on Accountancy, Actuarial Science, and Sports Science.
