STUDIELINK - Steps

If you transferred the living expenses and tuition fee during the immigration process, you also still need to fill in your payment method at <u>www.Studielink.nl</u>

You will need to state there that you pay by 'Other method of payment'. This is just to make sure your enrollment as a student can be completed. You do not have to pay anything again of course. You can do this in Studielink from mid-June onwards if you start your study in September. If you start your study in February, this option in Studielink should be open for you all the time.

<u>Overview of the steps that you see in Studielink:</u> (example of a program, but the same for all programs)

Click on 'Enter your payment details'

Choose 'me' and 'Other method of payment' and go to the next step

(We realize that possibly someone else paid for your program during the immigration process, but only by choosing 'me' in this system, you will see the correct following steps. You are not paying anything again by completing these steps in Studielink. It is just an administrative necessity)

Click again on 'next step'

Choose the country where your bank is located.

(This country should be a non - SEPA country, otherwise you will not see the correct follow up options to state that you pay by ' Other method of payment'. So you can choose here the country of your nationality)

	Step 3: Payment You selected the option 'Other method of payment'. This means you are personally responsible for the payment of the tuition fees to the educational institution. Please ask the educational institution about the payment instructions or read the payment instructions below. If the country your bank is based in is not listed, that means you cannot use this particular method of payment for this educational institution. In that case, please go back to Step 1: Payment Method and select a different method of payment.

It is possible that in your to- do- list in Osiris student you still see that an amount needs to be paid. But this will be settled when we process your transferred tuition fee internally.
