Explanation program

All Bachelor's programs offer one or two information sessions during which teachers, students and study advisors will tell you all about their program. During each information session, you have the opportunity to ask questions. We offer other sessions and activities as well. Please see below for a brief explanation of each session.

SESSIONS

Admission and application for international students

Are you interested in applying to Tilburg University? Do you want to know more about the admission requirements and application procedure? If so, this is the right session for you! Apart from hearing all the ins and outs about our admission and application procedure, you can ask our International Admissions Officers any questions you might have.

Liberal Arts and Sciences interactive session, Societal Challenges: An Interdisciplinary Approach

In this hands-on session, you will tackle real-world societal challenges, such as today's political polarization, from an interdisciplinary, Liberal Arts and Sciences perspective. You will dive into two disciplines offered at Tilburg University, apply that knowledge to the societal challenge at hand, and take part in an interactive and academic discussion on the topic.

Life as an international Tilburg University student

Join us for this interactive session with our students. Gain valuable insights into international student life at Tilburg University and practical tips for your first weeks on campus. Meet current students from different study programs, learn about extracurriculars, and ask all your questions about studying in the Netherlands.

Q&A Psychology

During this Q&A session, you have the opportunity to ask students, teachers and education coordinators all your questions about the Bachelor's program in Psychology. Please note that during the information session about Psychology, few to no questions will be answered, as this session focuses on an extensive explanation about the program. If you are interested in the Bachelor's program in Psychology, we advise you attend both the information session and the Q&A session.

Study abroad (exchange)

At Tilburg University, our students have the opportunity to do part of their studies abroad. The possibility of studying abroad is a real asset for your study! During this session, we'll tell you more about what an exchange semester is like.

ACTIVITIES

Campus Tour

Explore our green campus under the guidance of a student! Find out if Tilburg University's campus appeals to you and if you can envision yourself walking around there in the future. You will be guided in a group along with other visitors to explore the campus.

Information Fairs

Visit the Information Fairs in CUBE, Dante, and the Cobbenhagen building between 12:00 and 14:45, where each program has its own booth. Students, teachers, and study advisors are ready to answer all your questions! Additionally, at the information fair in CUBE building, you can find more information on how to combine top sports, entrepreneurship, or a career as an artist with your studies, or explore the possibilities for an exchange abroad.

International Lounge

Explore the world of international education at the International Lounge in the CUBE building between 09.30 - 15.45. Connect with fellow prospective international students, ask international staff and students your questions, and discover what Tilburg University has to offer you as an international student!

Meet & Greet

During the Meet & Greet, taking place in our International Lounge (CUBE building) you can have a one-on-one conversation with current international students, or members of the international team. Exchange experiences, get advice, and receive information on the admission and application process. Limited spots are available, so be sure to reserve your spot and kickstart your journey at Tilburg University. See you there!

Sports Center Tour

Are you a sports enthusiast? Explore the modern sports facilities of Tilburg University Sports Center under the guidance of a student. Join other visitors for a guided tour of the various sports facilities that Tilburg University has to offer you!

Student in Tilburg Fair

At the Student in Tilburg Fair in the Koopmans Building, you can meet various students between 12:00 and 14:45 to discover what student life in Tilburg has to offer. They can tell you everything about what it's like to be a student, student associations, sports at the Sports Center, living in student housing, volunteering, career opportunities, and combining studies with a part-time job and a social life. For questions about being an international student in Tilburg, also visit the International Lounge in the CUBE building.
