# OUR CAMPUS

## GREEN SPACE & AN INTERNATIONAL COMMUNITY

### ABOUT TILBURG UNIVERSITY

Tilburg University is a thriving university specializing in Social Sciences and Arts & Humanities. Social connection, academic excellence, and a strong campus feeling are at the heart of our education experience. Understanding and serving society is what drives us. Our green campus offers an attractive base for fostering an international community where students and teachers can inspire and challenge each other. Tilburg University consists of five different schools: Economics & Management, Law, Social and Behavioral Sciences, Humanities and Digital Sciences, and Theology. University College Tilburg provides the interdisciplinary Bachelor's program of Liberal Arts and Sciences. TIAS School of Business and Society is the business school of Tilburg University and Eindhoven University of Technology, offering post-graduate education.

According to the three most renowned university rankings (THE, ARWU, and QS), Tilburg University belongs to the best 2% of the world's 17,000 universities. [tilburguniversity.edu/about/tilburg-university/rankings](https://tilburguniversity.edu/about/tilburg-university/rankings)

### ABOUT TILBURG

Large enough to find plenty to do, but still small enough to run into people you know, Tilburg is an idyllic, entrepreneurial and cultural city with world-class public institutions and a calendar packed with a variety of public events. It's a true university city, too: with a population of 30,000 students, 1 in 8 people in Tilburg is a student!

From the city's public library ([lochal.nl/](https://lochal.nl/)) that won the 2019 World Building of the Year Award, to museums ([depont.nl](https://depont.nl)) and the surrounding nature, there is much to see and do if you have time between enjoying Tilburg's 'Burgundian lifestyle' in one of its many cafés, bars and restaurants ([vvtilburg.nl](https://vvtilburg.nl)). In addition, travelling on the weekends could not be easier. With booming cities like Rotterdam, Amsterdam, Brussels and Paris just a short train or car ride away, your travel calendar will fill up quickly.

### CAMPUS LIFE

With our green campus designed to be fast and easy to navigate, you will be able to stroll between the library and your lecture hall or your favorite café in no time. All university buildings are within walking distance from each other, and are set amongst landscaped gardens and open green spaces. Our campus is home to over 17,000 students.

Like most universities globally, the coronavirus pandemic has had an impact on campus life and education at Tilburg University. ### NOMINATION & APPLICATION PROCEDURE

[tilburguniversity.edu/education/exchange-programs/applicationprocedure](https://tilburguniversity.edu/education/exchange-programs/applicationprocedure)

Students should check with their home university whether Tilburg University is one of their exchange partners, and apply for an exchange through their home university. Partner universities are advised to note that from 2021, we will no longer accept nominations via email. Instead, partners should submit the details of their selected students via our new online nomination system. Further details will be shared with partners in due course.

All nominated students will receive an email with the application instructions and practical information about the exchange program at Tilburg University a few weeks before the application deadline. Students should complete their application online. All required documents need to be uploaded through the online application system. We no longer require original documents. As part of their online application, students must upload:

1. Transcript of records **in English** (students who are in their Master studies must upload both their bachelor and master grade list)

# LIFE IN TILBURG

## COST OF LIVING, HOUSING & SERVICES

### COST OF LIVING

Living in Tilburg is relatively inexpensive compared to other Dutch university cities. The cost of living is approximately €825 per month. Below is a general overview of monthly costs for students. These estimated costs can vary from person to person and also depend on individual lifestyle.

MONTHLY LIVING COSTS (ESTIMATE)	
Accommodation	€360-400
Food	€300
Books and readers	€80
Health, liability, travel insurance	€45
<i>Total</i>	<i>€785-825</i>

A second-hand bicycle and lock will cost about €125. A university sports card costs €99,50 per semester.

### SERVICES AND FACILITIES

#### STUDY ABROAD & EXCHANGE TEAM

The Study Abroad & Exchange Team is the first point of contact for exchange students. We are here to help you before, during and after your exchange to help your exchange experience run as smoothly as possible.

#### VISA APPLICATION

[tilburguniversity.edu/education/welcome-new-student/immigration](https://www.tilburguniversity.edu/education/welcome-new-student/immigration)

Tilburg University's team of specialist immigration officers process visa applications for all incoming students who require a visa to reside in Tilburg. They help you through every step of the process by dealing with your application on an individual basis, taking into account your personal situation. For visa information and possible costs, see the link at the top of this section.

#### HOUSING

[www.tilburguniversity.edu/education/welcome-new-student/accommodation](https://www.tilburguniversity.edu/education/welcome-new-student/accommodation)

Tilburg University itself does not offer on-campus student accommodation. However, we are partnered with student housing organization WonenBrebung, which offers furnished accommodation to international students via [yourroomintilburg.com](https://www.yourroomintilburg.com). The estimated monthly rent is around €360 to €400. All students must pay the rent for the entire semester at the time of registration. Most of the rooms are in the building on Professor Verbernelaan (popularly known as "Verbs"), on the edge of campus. In addition, there are a small number of rooms available at the Goirkestraat facility for full-year exchange students. Unfortunately, rooms in the Talent Square building are not available for exchange students. The number of available rooms at both facilities is limited, so we cannot guarantee rooms for all students. They are allocated on a first-come, first-served basis via registration in an online system.

Students who are not able to register for these facilities will need to find their own accommodation on the private market. It is their own responsibility to arrange this and our housing office ([studenthousing@tilburguniversity.edu](mailto:studenthousing@tilburguniversity.edu)) can assist where needed. There is an extremely high demand for housing on the private market, especially in fall semesters, meaning that sourcing accommodation can be difficult. Students with a flexible choice regarding in which semester to study abroad are advised to come to Tilburg in the spring semester to avoid a potentially stressful search for accommodation.

#### INSURANCE

[tilburguniversity.edu/education/welcome-new-student/insurances](https://www.tilburguniversity.edu/education/welcome-new-student/insurances)

All students are required by law to be covered by appropriate health insurance for their full period of stay in the Netherlands. We strongly recommend students to also have appropriate liability and travel insurance. Students are advised to purchase insurance before their arrival in the Netherlands. It is students' own responsibility to purchase insurance. Tilburg University recommends Aon+ Student Insurance: [aonstudentinsurance.com/students/en/](https://aonstudentinsurance.com/students/en/)

## MENTOR SYSTEM

[esntilburg.nl](https://esntilburg.nl)

ESN Tilburg (formerly I\*ESN), our international student organization, organizes a mentor system for incoming international students. ESN also organizes regular activities for all international students and internationally-minded Dutch students at Tilburg University. ESN runs a dynamic international hub in Tilburg city center.

## ORIENTATION: REGISTRATION DAYS, PROGRAM INTRODUCTION & T.O.P WEEK

[tilburguniversity.edu/education/welcome-new-student/introduction-activities/topweek](https://tilburguniversity.edu/education/welcome-new-student/introduction-activities/topweek)

[tilburguniversity.edu/education/welcome-new-student/introduction-activities/registration-days](https://tilburguniversity.edu/education/welcome-new-student/introduction-activities/registration-days)

Tilburg University organizes a Registration Day to offer a warm welcome to Tilburg. On this day, we provide students with all kinds of information and amenities that will contribute to a relaxed and organized start in Tilburg. The Study Abroad & Exchange team runs a mandatory Program Introduction (PI) for all incoming exchange students during the optional Tilburg Orientation Program (TOP) week. During the PI, we welcome all exchange students. Students will get to meet the Study Abroad & Exchange Team and their mentor, and receive more information about, for example, how to make use of our digital student environment as well as our academic and cultural environment. We recommend participation in the TOP week to get the full introduction to student life in Tilburg!

## UNIVERSITY LIBRARY

[tilburguniversity.edu/about/university-library](https://tilburguniversity.edu/about/university-library)

Tilburg University's library is one of the most modern university libraries in Europe, and a popular place to study individually or in groups. It is home to an impressive collection of e-books, e-journals. In addition, its collection of over 800,000 books, journals, illustrations, early works and manuscripts provide a treasure of scholarly information.
