CHAPTER 2 PREVIOUS EDUCATION AND ADMISSION as of 2018-2019

Titel 1 Vooropleiding en toelatingseisen Title 1 Previous education and admission requirements

Artikel 2.1 Vooropleiding voor de masteropleidingen
Article 2.1 Previous education for the Master's degree programs

<p>1. Onder voorbehoud van het bepaalde in artikel 2.2 en artikel 2.5 verleent de Examencommissie een student toegang tot een masteropleiding vanaf academisch jaar 2018-2019 met één van de volgende vooropleidingen:</p> <ol style="list-style-type: none">een afgeronde bacheloropleiding, inclusief specifiek vereiste vakken aan de Tilburg School of Economics and Management van Tilburg University, die correspondeert met de masteropleiding zoals weergegeven in bijlage 3;in aanvulling op een bachelordiploma, en in acht nemende het gestelde in het zesde lid van dit artikel, een aan de Tilburg School of Economics and Management van Tilburg University afgerond Pre-masterprogramma dat correspondeert met en toelating geeft tot de betreffende masteropleiding, zoals weergegeven in bijlage 3;een succesvol afgeronde opleiding die volgens de Examencommissie gelijkwaardig is aan de vooropleiding zoals bedoeld in onderdeel a. <p>2. Vanaf 1 september 2013 is toelating tot een masterprogramma alléén mogelijk met een voltooide vooropleiding zoals bedoeld onder lid 1, a, b en c.</p> <p>3. Niet tegenstaande art.2.1.1 en 2.1.2 is toelating tot de master International Management alleen mogelijk wanneer aan aanvullende selectiecriteria voor deze master wordt voldaan. De master International Management hanteert vanaf 1 september 2017 een decentrale selectie. De kandidaten worden o.a. beoordeeld op een motivatiebrief die tijdig moet zijn ontvangen. De precieze voorwaarden en regelgeving zullen worden gepubliceerd op de website van de opleiding:</p>	<p>1. Subject to the stipulations in Article 2.2 and Article 2.5, the Examination Committee will admit students with one of the following previous education profiles to a Master's degree program with effect from Academic Year 2018/2019:</p> <ol style="list-style-type: none">a completed Bachelor's degree program (including specifically required courses pursued at the Tilburg School of Economics and Management of Tilburg University) which corresponds to the Master's degree program as set out in Appendix 3;in addition to a Bachelor's degree, and considering paragraph 6 of this article, a Pre-master's program completed at the Tilburg School of Economics and Management of Tilburg University which corresponds to the relevant Master's degree program and entitles the candidate to admission to that program, as set out in Appendix 3;successful completion of a program that the Examination Committee deems equivalent to the previous education profile referred to in a. <p>2. As of September 2013, admission to a master program is only granted with a completed previous education profile, as referred to under section 1, a, b and c.</p> <p>3. Notwithstanding art. 2.1.1 and 2.1.2 admission to the master program International Management is only possible when additional selection criteria for this program are met. The master program International Management will select student as of September 1st 2017. One of the selection criteria is the motivation letter candidates are supposed to write. This letter has to be sent in at a fixed date. Description of the specific</p>

De Examencommissie is bevoegd om in geval van onbillijkheden van overwegende aard in individuele gevallen ten voordele van de student een uitzondering te maken op de Onderwijs- en Examenregeling. 5. In gevallen waarin de Onderwijs- en Examenregeling niet voorziet, beslist de Examencommissie. 6. Studenten met een vooropleiding zoals bedoeld in artikel 2.1 eerste lid, onderdeel c., die niet is gevolgd aan een instelling voor hoger onderwijs in Nederland worden verzocht om hun resultaten op de Graduate Management Admission Test (voor bedrijfswetenschappelijke opleidingen) dan wel de Princeton Graduate Record Exam (voor economische masteropleidingen) te overleggen. 7. Niet tegenstaande het gestelde in lid 6 kunnen studenten van partneruniversiteiten worden vrijgesteld van de in lid 6 gestelde eis. 8. Een verzoek om toelating tot een masteropleiding anders dan de hierboven genoemde wordt afgewezen. De Examencommissie kan in individuele gevallen besluiten om de verzoeker toe te laten tot een voorbereidend programma dat na afronding toelating tot de masteropleiding verschaft conform artikel 2.1 eerste lid, onderdeel b. 9. Het Pre-masterprogramma van het academisch jaar 2017-2018 garandeert toelating tot één, specifiek genoemde masteropleiding in februari 2018 ofwel in september 2018. Instroom in de masteropleiding in de hierop volgende collegejaren kan onderhevig zijn aan aanvullende eisen. 10. Niet tegenstaande het gestelde in lid 1, onderdeel b, dient de student met een afgerond Pre-masterprogramma tevens een bewijs als gesteld in artikel 2.2.lid 4 te overleggen alvorens hij tot de masteropleiding kan worden toegelaten. 11. Het gestelde in lid 10 geldt niet voor de (pre-)master Fiscale Economie. 12. Het geïntegreerd Pre-masterprogramma van 2017-2018 garandeert in principe toelating tot één, specifiek genoemde masteropleiding in 2017-2018 (februari 2018) hetzij in 2018-2019 (september 2018), . Wijzigingen in het programma van de opleiding kunnen alleen opgelegd worden indien van studenten redelijkerwijs kan worden verwacht dat ze hun studieplanning aanpassen. 	<p>requirements will be published at the website of the program: https://www.tilburguniversity.edu/education/masters-programmes/international-management/</p> <ol style="list-style-type: none"> 4. The Examination Committee has the power to make an exception in favor of the student in individual cases in which applying the Teaching and Examination Regulations would lead to situations of extreme unfairness. 5. In cases not provided for by the Teaching and Examination Regulations, the Examination Committee will decide. 6. Students with a previous education as referred to in Article 2.1 paragraph 1c, that has not been pursued at a higher education institution in the Netherlands are requested to submit their results in the Graduate Management Admission Test (for Master's degree programs in Business Studies) or the Princeton Graduate Record Exam (for Master's degree programs in Economics). 7. Notwithstanding the stipulation in paragraph 6 students from partner universities may be exempted from the requirement formulated in paragraph 6. 8. Requests for admission to a Master's degree program other than the options specified above will be refused. In individual cases the Examination Committee may decide to admit the applicants to a preparatory program, upon completion of which they will be admitted to the Master's degree program as stipulated in art. 2.1.1.b. 9. The Pre-master's program for 2017-2018 guarantees admission to a single, specifically designated Master's degree program in February 2018 or in September 2018. Intake into the Master's degree program in subsequent academic years may be subject to additional requirements. 10. Notwithstanding paragraph 1, b, the Pre-masters' graduate needs to hand in a proof of English proficiency as referred to in article 2.2.4 before admission to the master program is granted. 11. The requirement as referred to in paragraph 10 does not apply to the (pre-)master Tax Economics. 12. In principle, the integrated Pre-master's program for the academic year 2017-2018 guarantees admission to a single, specifically designated Master's degree program either in 2017-2018 (February 2018) or in 2018-2019 (September 2018). Artikel 2.2 Taalvereisten voor de masteropleidingen

Article 2.2 Language requirements for the Master's degree programs

<p>1. Voldoende kennis van de Nederlandse taal is vereist voor de masterprogramma's Fiscale Economie en Marketing Management (Nederlandstalige programmavariant). Voor personen voor wie Nederlands niet de moedertaal is, kan voldoende kennis van de Nederlandse taal aangetoond worden middels het Staatsexamen Nederlands als tweede taal (NT2) of het Certificaat Nederlands als Vreemde Taal, Profiel Taalvaardigheid Hoger Onderwijs, als mede het profiel Academische Taalvaardigheid. Voor Duitstaligen volstaat het met goed gevolg afgelegd examen ter afsluiting van de TiU 'Dutch Intensive Summer Course 2017'.</p> <p>2. Voor alle masteropleidingen die niet genoemd worden in het eerste lid is voldoende kennis van de Engelse taal vereist. Dit kan worden aangetoond middels een afgeronde Engelstalige bacheloropleiding.</p> <p>3. In afwijking van het bepaalde in het tweede lid kunnen studenten met een HBO-diploma voldoende kennis van de Engelse taal voor toelating tot de masteropleidingen uitsluitend aantonen met een van de hiernavolgende testuitslagen:</p> <p>a. TOEFL-test met een minimum score van 575 voor de papieren versie, 233 voor de computer versie of 90 voor de internetversie;</p>	<p>1. An adequate knowledge of the Dutch language is required for the Master's and Pre-master's programs in Tax Economics and Marketing Management (Dutch track). Non-native speakers of Dutch can demonstrate an adequate knowledge of the Dutch language by obtaining one of the following language proficiency certificates: the State Examination in Dutch as a Second Language (NT2), the Certificate in Dutch as a Foreign Language (CNaVT), the PTHO (Profile for Language Proficiency in Higher Education) or the PAT (Profile for Academic Language Proficiency). For German speakers it is sufficient to have passed the final examination in Tilburg University's 'Dutch Intensive Summer Course 2017'.</p> <p>2. All Master's and Pre-master's programs not specified in paragraph 1 require an adequate knowledge of English. This can be proven by completing a Bachelor's degree in English.</p> <p>3. Notwithstanding the stipulations in paragraph 2, students with an HBO-degree can prove an adequate knowledge of the English language for the Master's and Pre-master's programs explicitly with one of the following test results:</p>

HOOFDSTUK 3 OPBOUW VAN DE OPLEIDING

CHAPTER 3 STRUCTURE OF THE PROGRAM

Titel 1 Beschrijving van de opleiding

Title 1 Description of the program

Artikel 3.1 Doel van de opleidingen

Article 3.1 Aim of the programs

<p>De doelstellingen van de opleidingen zijn:</p> <ul style="list-style-type: none">a. het verwerven van kennis, vaardigheden en een academische houding door de student van en ten opzichte van het desbetreffende vakgebied;b. wetenschappelijke vorming van de student;c. voorbereiding op een maatschappelijke carrière op academisch niveau of op een carrière als wetenschappelijk onderzoeker.d. Al het onderwijs in de opleidingen wordt jaarlijks schriftelijk geëvalueerd. Voor de cursusevaluatie wordt gebruik gemaakt van een gestandaardiseerd vragenformulier. Daarnaast zijn klankbordgroepen actief waarin evaluatiegegevens worden verzameld over de cursussen en curriculumonderdelen. Aan de hand van de uitgevoerde evaluaties worden zo nodig verbetertrajecten met de docenten, die de vakken verzorgen, afgesproken.	<p>The aims of the programs are as follows:</p> <ul style="list-style-type: none">a. to enable students to acquire knowledge, skills and an academic attitude in/towards the field concerned;b. to provide students with academic training;c. to prepare students for a career on academic level or as academic researcher.d. All the courses in the programs are evaluated annually, in writing. For the course evaluation a standardized questionnaire is used. In addition, sounding boards collect evaluation information about the courses and curriculum components. On the basis of the evaluations, agreements for improvements are made with the teachers who provide the courses, if it is necessary.

During the inspection, the student may peruse the questions and terms of reference of the preliminary examination concerned, and also (if feasible) the standards that were applied in the assessment. 5. Notwithstanding paragraph 1-3 the following rule is applicable: students have the right to inspect their exam prior to the resit for that same exam. In case this cannot be organized, alternative means to provide insight into the exam prior to the resit can be offered, (e.g. video lecture, chat session). Moreover: providing an alternative does not invalidate the student's entitlement to a regular exam inspection.

Appendix 2 Dual degree agreements in 2017/2018

An overview of the Dual Degree Agreements indicated per Master degree Program in combination with the Dual Degree Partners.

A Dual Degree can either be:

'one-way', intended for students coming from the partner university (incoming)

'two-way', in addition to the one-way construction also intended for Tilburg University students (outgoing)

The agreed programs can differ from the programs listed in appendix 1 in which case this will be indicated under 'alterations to the program'. Further specifics in an agreement are presented under 'program specifics'.

Pontificia Universidad Católica de Chile, Chili (1-way)

Alterations to program: During the Tilburg part of the program students are expected to fulfil all academic requirements of the relevant Master's program including writing a Master's thesis. Yet, students can be allowed to write the Master's thesis in Santiago under joint supervision of two professors, one from each institution. In this case, the defense will take place in Santiago.

Specifics: After graduation the student receives a Master of Science (MSc) degree from Tilburg University and a Master's (MA) degree from PUC Chile.

University of Pretoria, South Africa (1-way)

Alterations to program: During the Tilburg part of the program students are expected to fulfill all academic requirements of the relevant Master's program, including writing a Master's thesis. The student will deliver two pieces of research output (Master's thesis for Tilburg and a Mini-dissertation for Pretoria) and these shall preferably be integrated by adopting a joint supervision formula. In this case, the defense will take place in Pretoria.

Specifics: After graduation the student receives a Master of Science (MSc) degree from Tilburg University and a Master of Commerce (MCom) degree from the University of Pretoria.

Turku School of Economics, Finland and IAE-Aix, Marseille University, France (2-way)

Universidad EAFIT, Medellin Colombia (1-way)

Specifics: see description below:

Master Economics

Semester 1, EAFIT (Jan – July) – 4 courses

Master in Applied Economics

Market and Enterprise
Macroeconomics and Economic Policy
Econometrics for Decision Making
Applied Research Seminar

Master in Economics (Research)

Advanced Microeconomy I
Advanced Macroeconomy I
Advanced Econometrics I
Advanced Mathematics

Semester 2, TiSEM (Aug – Jan) – 24 – 30 ECTS*

Students select one of these tracks (an explanation of the curriculum of the MSc Economics and the different tracks can be found in Appendix 1):

- Track Competition and Regulation
- Track Public Policy
- Track Sustainability and Growth
- Track Pensions, Aging and Retirement
- Track Money, Banking & Financial Markets
- Track Behavioral Economics

Semester 3, TiSEM (Jan – end April): 12 ECTS – 15 ECTS

- The elective and/or seminar courses that should be selected depend on the track that was chosen.
- Applied Economics Analysis 2 is a course during which students write their thesis proposal. EAFIT also assigns a supervisor that will assess the thesis proposal according to the EAFIT standards. After passing the Applied Economic Analysis 2 course a student will continue with the thesis in Medellín.

In total students will need to pass 45 ECTS in Tilburg before going back to EAFIT, this includes 42 ECTS worth of courses belonging to the track and 3 ECTS for the course Applied Economic Analysis 2.

From end of April/May on, EAFIT

Students move back to Medellín to write the Master thesis. The Master thesis will be written under joint supervision from EAFIT and TiSEM and should be written in English. The Master thesis proposal should be approved both by EAFIT and by TiSEM before the student is allowed to start writing his/her Master thesis. The proposal will be written in Tilburg during the course Applied Economic Analysis 2. The supervisor from TiSEM is responsible for checking that the thesis meets the standards and assessment criteria set by TiSEM. When the Master thesis is finished it needs to be orally defended for both institutions who will jointly determine a grade for the Master thesis. From Tilburg University two supervisors are present (physically or though Skype) during the defence and assess and grade the thesis.

* The workload at TiSEM will in total be on 45 ECTS. For the students coming from the MSc Economics Research at EAFIT, an exemption will be given for the course “Methods Econometrics 2” if a student has passed “Econometrics I” at EAFIT and the course “Methods Econometrics 1” will be exempted if a student has passed “Econometrics II” at EAFIT. An exemption will be given for a “free elective” of the MSc Economics if a student has passed Advanced Microeconomics I or Advanced Macroeconomics I at EAFIT. Students will return to EAFIT upon completion of the 45 ECTS of courses and will write a master thesis at EAFIT. The Master thesis needs to comply with the assessment criteria set by TiSEM. Students first write their thesis proposal in the course Applied Economics Analysis 2 for 3 ECTS and then write their Master thesis for 15 ECTS. After satisfactory completion of the Master thesis, the credits need to be registered for the MSc thesis at TiSEM, leading to 60 ECTS credits in total to be obtained in the MSc Economics of TiSEM.

Master Finance

The duration of the regular MSc Finance at EAFIT is four (4) semesters. However, if EAFIT students take part in the Double Degree program with TiSEM, they should be able to finish both degrees in three (3) semesters. EAFIT will validate the 7 courses taken at TiSEM and the Master thesis of 18 ECTS.

Semester 1, EAFIT (Jan – July) – 4 courses

Microeconomics
Macroeconomics
Econometrics
Advanced Mathematics

Semester 2, TiSEM (Aug – Jan) – 5 courses, 30 ECTS*

The semester is divided in 2 units of 7 weeks each, August to October and October to January. Students are required to take the following courses:

1. Advanced Corporate Finance (unit 1)
2. Investment Analysis (unit 1)
3. Empirical Methods in Finance (semester course)

Furthermore students select 2 courses out of 5 from the following courses:

- Corporate Governance and Restructuring (unit 2)
- Corporate Valuation (unit 2)
- Derivative Securities and Risk Management (unit 2)
- Global Banking (unit 2)
- The Economics and Finance of Pensions

Semester 3, TiSEM

The semester is divided in 2 units of 7 weeks each, February to April and April to July.

Unit 3, Student select 2 courses out of the TiSEM offer in unit 3:

- Fixed Income Analysis
- Seminar Financial Economics
- Applied Corporate Finance
- Corporate Financial Reporting
- Entrepreneurial Finance

- Financial Analysis and Investor Behavior

Unit 4, Master thesis

Students will write their Master thesis in Tilburg or in Medellin. The Master thesis will be written under joint supervision from EAFIT and TiSEM and should be written in English. The Master thesis proposal should be approved both by EAFIT and by TiSEM before the student is allowed to start writing his/her Master thesis. Once the proposal has been approved the student will be assigned a first supervisor from EAFIT and a supervisor from TiSEM. When the Master thesis is finished it needs to be defended for both supervisors and a second reader from Tilburg who will jointly determine a grade for the Master thesis. The conversion of the grading that will apply can be found in paragraph VII.

* An exemption will be given for the course “Empirical Methods in Finance” in case a student has passed “Empirical Studies in Finance” or an exemption will be given for “Derivative Securities and Risk Management” in case a student has passed “Financial Derivatives” at EAFIT.
